Enterprise relationship chart:

Section 1: Polyresin Crafts and Decors

1.1 The Competitive Advantage of Product Line

It is popular for decoration and promotion advertising.

With resin material's feature and production process, they can make common house decoration more distinctive and special. Such as vase, curtain ring, and kitchenware which meets with FDA standard. All of them can achieve both functional and artistic looking.

One of the greatest advantages of resin house decoration is handmade feeling. By hand sculpting the mud model, it can make all the products unique and looks natural.

1.2 Product Line Description

Polyresin craft is widely used in our work and life. With its flexible manufacture technology, it can achieve various shape and style as well as different function.

Generally speaking, there are two types of resin crafts: one is color painting craft, the other one is transparent craft. With special mixing material and process, such as stone, metal and electroplated, it will make the resin craft more unique and nice.
